

Please allow K-LOVE to continue broadcasting on its local 99.1 MHz channel in Folsom.

K-LOVE is the only broadcaster of contemporary music in the Folsom area that I feel is safe and wholesome enough for my entire family to listen to.

We have many stations in this area that play "popular" music. They all sound the same, play the same music, and permeate their broadcasts with the same commercials. K-LOVE is the only local broadcaster that caters to the Christian family. To lose it in favor of yet one more sound-a-like popular music station would be a travesty, and a real disservice to the local community.

We LOVE our k-LOVE!
